

AFROTHENTIC

Afrohouse & Afrotech DJ · Johannesburg, South Africa

● bookafrothenticdj@gmail.com ● afrothenticdj.netlify.app

TECHNICAL RIDER

DJ Equipment & Sound System Requirements

1. DJ EQUIPMENT

- Pioneer CDJ 2000 Nexus / CDJ 3000
- Pioneer DJM 900 Nexus / DJM A9 Mixer
- Pioneer Opus Quad
- Pioneer CDJ 1000 / 2000 / 3000 series
- Pioneer or Denon professional controllers
- Industry-standard USB compatible setup

Important

CDJ 350 is NOT acceptable. Equipment must be fully functional and set up before performance time.

2. SOUND SYSTEM

- Professional, high-quality system suitable for venue capacity
- Strong, clean bass response — essential for Afrohouse & Afrotech
- Stable and secure DJ booth / table
- Fully functional booth monitors

3. PERFORMANCE TERMS

- Performance time to be agreed in advance
- Full payment terms to be agreed prior to event date

Please ensure all of the above is confirmed and set up ahead of arrival — it makes for a smoother night and a better set for your crowd.
